CHAPTER 654: OCCUPATIONAL SAFETY AND HEALTH

LABOR AND EMPLOYMENT

SAFETY AND HEALTH CONDITIONS IN PLACES OF EMPLOYEMENT

SAFETY AND HEALTH PROFESSIONALS

654.400 Use of title of **industrial hygienist, occupational health and safety technologist, construction health and safety technician** or safety professional; cause of action. (1) No person may purport to be:

(a) A **certified industrial hygienist** or use the initials **CIH** unless the person holds a current **certification as an industrial hygienist** from the **American Board of Industrial Hygiene**.

(b) **An industrial hygienist in training** or use the initials **IHIT** unless the person holds a current designation as an **industrial hygienist in training** from the **American Board of Industrial Hygiene**.

(c) A certified **occupational health and safety technologist** or use the initials **OHST** unless the person holds a current certification as an **occupational health and safety technologist** from the **American Board of Industrial Hygiene** or the **Board of Certified Safety Professionals**.

(d) A certified **construction health and safety technician** or use the initials **CHST** unless the person holds a current certification as a **construction health and safety technician** from the **American Board of Industrial Hygiene** or the **Board of Certified Safety Professionals**.

(e) A **certified safety professional** or use the initials **CSP** unless the person holds a current designation as a **certified safety professional** from the **Board of Certified Safety Professionals**.

(f) An **associate safety professional** or use the initials **ASP** unless the person holds a current designation as an **associate safety professional** from the **Board of Certified Safety Professionals**.

(2) The **American Board of Industrial Hygiene**, the **Board of Certified Safety Professionals** or a person lawfully practicing a profession listed in subsection (1) of this section may bring a private cause of action in the appropriate court to recover damages up to \$1,000 against any person who violates subsection (1) of this section. The court may provide such equitable relief as it deems necessary or proper. The court may award reasonable attorney fees to the prevailing party in an action under this section. [1999 c.478 §1]

OREGON REVISED STATUTES

TITLE 36: PUBLIC HEALTH AND SAFETY **CHAPTER 431: STATE AND LOCAL ADMINISTRATION AND** **ENFORCEMENT OF HEALTH LAWS**

431.250 Federal grants to be handled by Oregon Health Authority; disbursement; planning.

(1) The Oregon Health Authority hereby is designated as the state agency to apply to and receive from the federal government or any agency thereof such grants for promoting public health and the prevention of disease, including grants for cancer control and **industrial hygiene** programs, as may be available to this state or any of its political subdivisions or agencies.

(2) For the purposes of subsection (1) of this section, the authority shall:

(a) Disburse or supervise the disbursement of all funds made available at any time by the federal government or this state for those purposes.

(b) Adopt, carry out and administer plans for those purposes. Plans so adopted shall be made statewide in application insofar as reasonably feasible, possible or permissible, and shall be so devised as to meet the approval of the federal government or any of its agencies, not inconsistent with the laws of the state.

OREGON STATUTES

OREGON REVISED STATUTES

TITLE 36: PUBLIC HEALTH AND SAFETY **CHAPTER 453: HAZARDOUS SUBSTANCES; RADIATION** **SOURCES**

453.307 Definitions for ORS 453.307 to 453.414. As used in ORS 453.307 to 453.414:

(1) “Community right to know regulatory program” or “local program” means any law, rule, ordinance, regulation or charter amendment established, enforced or enacted by a local government that requires an employer to collect or report information relating to the use, storage, release, possession or composition of hazardous substances and toxic substances if a primary intent of the law, rule, ordinance, regulation or charter amendment is the public distribution of the information.

(2) “Emergency service personnel” includes those entities providing emergency services as defined in ORS 401.025.

(3) “Employer” means:

(a) Any person operating a facility that is included in one or more of the 21 standard industrial classification categories in Appendix B of the Natural Resources Defense Council v. Train Consent Decree of June 8, 1976 (8 E.R.C. 2120); or

(b) Any person operating a facility designated by the State Fire Marshal.

(4) “Fire district” means any agency having responsibility for providing fire protection services.

(5) “Hazardous substance” means:

(a) Any substance designated as hazardous by the Director of the Department of Consumer and Business Services or by the State Fire Marshal;

(b) Any substance for which a material safety data sheet is required by the Director of the Department of Consumer and Business Services under ORS 654.035 and which appears on the list of Threshold Limit Values for Chemical Substances and Physical Agents in the Work Environment by the **American Conference of Governmental Industrial Hygienists**; or

(c) Radioactive waste and material as defined in ORS 469.300 and radioactive substance as defined in ORS 453.005.

(6) “Health professional” means a physician as defined in ORS 677.010, registered nurse, **industrial hygienist**, toxicologist, epidemiologist or emergency medical services provider.

(7) “Law enforcement agency” has the meaning given that term in ORS 181.010.

(8) “Local government” means a city, town, county, regional authority or other political subdivision of this state.

(9) “Person” includes individuals, corporations, associations, firms, partnerships, joint

stock companies, public and municipal corporations, political subdivisions, the state and any agency thereof, and the federal government and any agency thereof.

OREGON ADMINISTRATIVE RULES

ORGEON HEALTH AUTHORITY, PUBLIC HEALTH DIVISION **DIVISION 68: ACCREDITATION OF TRAINING PROGRAMS FOR** **PROFESSIONALS ENGAGED IN LEADBASED PAINT** **ACTIVITIES**

333-068-0030

Minimum Personnel Requirements

(1) The training program shall be administered by a training manager having the following minimum qualifications:

- (a) Two years of experience administering training programs or two years of experience teaching or training adults;
- (b) Successful completion of a course that provides instruction in the planning and teaching of an adult education course, or has obtained a bachelor's or graduate level degree in adult education from an accredited college or university;
- (c) A bachelor's or graduate degree in building construction technology , engineering, **industrial hygiene**, safety, public health, education, business administration or program management including: lead or asbestos abatement, painting, carpentry, renovation, remodeling, occupational safety and health, or **industrial hygiene**;
- (d) Successful completion of at least 16 contact hours of lead-based paint training from any of the required topics listed in OAR 333-068-0040.

(2) Each training program shall be taught by a principal instructor who shall be responsible for the organization of the course, teaching of all course material, may deliver course content and has the following minimum qualifications:

- (a) Has completed a course that provides instruction in the planning and teaching of any adult education course, or has obtained a degree in adult education from an accredited college or university, or has at least two years of classroom experience in teaching workers or adults;
- (b) Successful completion of at least 16 contact hours lead-based paint training from any of the required topics listed in OAR 333-068-0040;
- (c) Demonstrated one year of experience, education, or training in lead or asbestos abatement, painting, carpentry, renovation, remodeling, occupational safety and health, or

industrial hygiene. Except, that instructors of hands-on training must have two years of such experience; and

Loss Prevention Services

(1) Each insurer shall make occupational health and safety loss prevention services available to all its insured employers and shall provide certain other services as required by this rule.

(2) At a minimum, loss prevention services and personnel providing the services must meet the needs of the particular place of employment, special industry, or process, and shall include at least the following:

(e) Assistance with **industrial hygiene** and safety evaluations to detect physical and chemical hazards of the workplace, and implementation of engineering or administrative controls;

437-001-1060

Self-Insured and Group Self-Insured Employer Loss Prevention Effort

Each self-insured employer and each member of a group self-insured program shall implement a loss prevention effort for each of its locations, which identifies and controls all reasonably discoverable occupational safety and health hazards and items not in compliance with the federal or the division's occupational safety and health laws, rules and standards. The self-insured group shall assist each member of the group in developing and implementing the loss prevention effort. This loss prevention effort shall include at least the following:

(7) On-site routine **industrial hygiene** and safety evaluations to detect physical and chemical hazards of the workplace, and the implementation of engineering or administrative controls;

Oregon Rules for Air Contaminants

An employee's exposure to any substance listed in Oregon Tables Z-1, Z-2, or Z-3 of this section shall be limited in accordance with the requirements of the following paragraphs of this section.

(4) To achieve compliance with paragraphs (1) through (4) of this section, administrative or engineering controls must first be determined and implemented whenever feasible. When such controls are not feasible to achieve full compliance, protective equipment or any other protective measures shall be used to keep the exposure of employees to air contaminants within the limits prescribed in this section. Any equipment and/or technical measures used for this purpose must be approved for each particular use by a competent **industrial hygienist** or other technically qualified person. Whenever respirators are used, their use shall comply with 1910.134.
